THE OBJECTIVES

Y.M.C.A. Adult Classes are designed to help thoughtful and enquiring adults engage actively in a learning process, by introducing them to a wide variety of subjects, important to the individual's capacity to lead a rich, full life.

Generally, we try to encourage maximum participation on the part of course members, having in mind that the most satisfying learning for adults is that which comes from relating their experience to course content.

Our leaders are chosen from the most expert available in their field.

In the summertime, we are anxious to make use of the beautiful natural surroundings in and around Winnipeg as the setting for our classes.

The Adult Education Department is an integral part of the total Y.M.C.A. operation, which is a world wide fellowship united by a common loyalty to Jesus Christ for the purpose of building Christian personality and a Christian Society.
